

# I Can't Help Falling In Love

Kenny Rogers

Wise men say only fools rush in  
But I cant help falling in love with you  
Shall I stay  
Would it be a sin  
If I cant help falling in love with you

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be  
Take my hand, take my whole life too  
For I cant help falling in love with you

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be  
Take my hand, take my whole life too  
For I cant help falling in love with you  
For I cant help falling in love with you
