

I Wish I Could Say That

Kenny Rogers

Hello, it was good to get your call
You haven't changed at all
You're the same as far as I can tell
No way, I see something in your face
Someone's filled the empty space in your life
Well, I'm glad to hear you're doing well.

I wish I could say that but I'd be lying
I'm still not over the fact
That you stopped trying
It was easy for you to just let go
Of all we had
I wish I could say that.

What? Do you mean there's no one new
It's my memory haunting you
Now you want the things we had back then
Inside there's a part of you
That's still loving me and always will
'til the end
and you'd like to see us try again.

I wish I could say that ...
