Lay Down Beside Me

Kenny Rogers

I've spent my life looking for you Finding my way wasn't easy to do But I knew there was you all the while And it's been worth every mile.

Lay down beside me and love me and hide me Kiss all the hurting of this world away Hold me so close that I'll feel your heartbeat And don't ever wander away.

Mornings and evenings all were the same
And there was no music 'til I heard your name
But I knew when I saw you smile
Now I can rest for a while.
