

# Lonely

Kenny Rogers

Lonely, I am so lonely  
since you went away  
You were my one and only  
The one true love I've known  
But now you've broken  
my heart in two  
And I were too lone  
and blue.

Only I am so lonely,  
for you found someone new  
You'll be the one to cry,  
the day he says goodbye  
For our love can't be  
left flying  
Or our true love  
will die.

And then you'll break  
your heart in two  
And you'll be alone and blue  
Only you will be lonely  
And I won't care for you
