

Love Is Strange

Kenny Rogers

Love is strange
Lots of people take it for a game
Once you get it you never want to quit
After you've had it
Your in an awful fit
Your sweet lovin is better
Then a kiss
When you leave me
Sweet kisses I miss

Hey, you sexy thing
How do call your love girl?
I say lover girl
And if she doesn't answer
I say you'd better come here lover girl
And if she still doesn't answer
Well then it's
Baby whoa baby, baby baby baby baby ...
You're the one

Tell me something
How do you call your lover boy?
I say come here lover boy
Oh, but what if he doesn't answer
I say, Ah come here love boy
But what if he still doesn't answer
I simply say, Baby, oh my baby
Don't tease me like
My sweet baby
You're the one
Now who could resist that?

When you call your lover girl
Do you ever do that growl thing?
You mean like Baby my sweey baby
You know that growl thing?
My sweet baby

Well how do you call your lover boy?
Well I just do it all kinds of ways
Do you ever just let it all hang out
Well, uh, yes I do and I say
Oh baby ooh my sweet baby
Oh my baby your the one
