

Love the way you do

Kenny Rogers

I've loved you all my life in all my dreams
So why am I surprised here with me
That's how it should be
But you look in my eyes, turn away
You can see inside, I'm afraid
Afraid of feeling.

I don't know what to say
I don't understand
It's not the way I planned.

I can't stay, I can't leave
I'm torn between two people I need
One of them is you, the other is me
We come from different world, different stars
But when you're lying here in my arms
All I wanna do is love the way you do
All I wanna do is love the way you do.

How can I go on but nothing's changed
You and I both know the choice was made
When I first touched you
Now if I stay or leave it's all the same
Awake or in my dreams I see your face
I will love you

I'm always in control now here I stand
A heart is in my hand

I can't stay, I can't leave
I'm torn between two people I need
One of them is you, the other is me
We come from different world, different stars
But when you're lying here in my arms
All I wanna do is love the way you do
All I wanna do is love the way you do.
