

Missing You

Kenny Rogers

I live for the phone I die for the mail
I took your picture right off the nail
And put it right by my bed
So I could see you instead
Of the darkness of night.

I hold conversations with you in my mind
They only tighten this knot deep inside
And the aching won't end
'Til I hold you again
If I only survive.

Why did you have to go
Why am I missing you so
One heartbeat at a time
I'm going out of my mind
Missing you, missing you.

I started a letter, I stared at your name
There wasn't a line that didn't echo my pain
There was no sound at all
But the slow lonely fall
Of an unspoken tear.

Why did you have to go
Why am I missing you so
One heartbeat at a time
I'm going out of my mind
Missing you, missing you.

Life may take us
In different directions
But I always end up deeper
Deeper in my true affection.

Why did you have to go
Why am I missing you so
One heartbeat at a time
I'm going out of my mind
Missing you, missing you...
