## **Missing You**

**Kenny Rogers** 

I live for the phone I die for the mail I took your picture right off the nail And put it right by my bed So I could see you instead Of the darkness of night.

I hold conversations with you in my mind They only tighten this knot deep inside And the aching won't end 'Til I hold you again If I only suvive.

Why did you have to go Why am I missing you so One heartbeat at a time I'm going out of my mind Missing you, missing you.

I started a letter, I stared at your name There wasn't a line that didn't echo my pain There was no sound at all But the slow lonely fall Of an unspoken tear.

Why did you have to go Why am I missing you so One heartbeat at a time I'm going out of my mind Missing you, missing you.

Life may take us In different directions But I always end up deeper Deeper in my true affection.

Why did you have to go Why am I missing you so One heartbeat at a time I'm going out of my mind Missing you, missing you...
