Morning Desire

Kenny Rogers

Here it's seven in the am, It's gonna take more then wakin" to rise me I wake up with this need again But feel the love of the woman beside me It's just one of those days When I wana lay here with her And love her before I leave And listen to the rain fall up on the roof And the thunder sounds like horses hooves

Oh I listen to her breathe And it makes me wana wake her up And tell her that I'm on fire With morning desire

It looks like I'm gonna be late again And I need to get up and get movin' And I'm tryin' But the longer I keep stalling The more I think about callin' in and lying here It's just one of those days When I wana stay here with her And watch her while she sleeps And listen to the rain fall up on the roof And the thunder sounds like horses hooves

Oh I listen to her breathe And it makes me wana wake her up And tell her that I'm on fire With morning desire

Well I love to hear the rain fallin' on the roof And the thunder sounds like horses hooves

Oh I listen to her breathe And it makes me wana wake her up And tell her that I'm on fire With morning desire
