

# Run Through Your Mind

Kenny Rogers

Run thru your mind, baby  
See what you find  
Run thru your mind, baby  
See what you find

I think you'll find love (I think you'll find love)  
I think you'll find tears (I think you'll find tears)  
I think you'll find all of the things that you want  
If only you could

Run thru your mind, baby  
See what you find, uh-hu  
Run thru your mind, baby  
See what you find

I laid awake the other night  
Clutchin' on to hopes and thoughts that you might  
Wake up in time

It's quarter till and you're still sleepin'  
Love will pass you by and leave you weepin'  
Wake in time, won't you wake up in time, uh-hu

Run thru your mind, baby  
See what you find, child  
Ah, run thru your mind, baby  
See what you find

I think you'll find love (I think you'll find love)  
I think you'll find tears (I think you'll find tears)  
I think you'll find all of the things that you want  
If only you could

Run thru your mind, baby  
See what you find, ha-ha-ha  
Run thru your mind, baby  
See what you find, ha-ha-ha  
Run thru your mind, baby  
See what you find, uh-hu
