

The Vows Go Unbroken (Always True To You)

Kenny Rogers

From the moment I met you,
You made my life complete.
This wave of pure devotion,
Has swept me off my feet.

And tonight when we kissed,
You still took my breath away.
It goes without saying,
But I'll say it anyway.

The vows go un-broken
And you still know I do.
Love, keep and honor
Always true to you.

Though I have been tempted,
Oh, I have never strayed.
I'd die before I'd damage,
This union we have made.

The vows go unbroken
And you still know I do.
Love, keep and honor
Always true to you.

I knew from the first
that for better or worse,
I'd stand by you
All my life.

And the vows go unbroken
And you still know I do.
Love, keep and honor
Always true to you.

Love, keep and honor
Always true to you...
