They Don't Make Them Like They Used To

Kenny Rogers

They don'DDt make 'DDem like they used to, those guys And I can'DDt get used to the way that it is today No one to look up to, hard times, and though I try I just can'DDt find the reason these days And it seems like the seasons are passing me They'DDre going by, nothing to hold on to, rough times.

And it goes on, so count on me, and I'DDll count on you You can lean on me, two of us stronger
We won'DDt be alone any longer
Now and for always we will be good friends
Count on me, into any storm, we'DDre gonna survive it
Into any fire, we'DDll carry on.

Know that one day you and me will both be old friends
And we'DDll sit on the sofa and talk about how
They don'DDt make 'DDem like they used to, you'DDll see
As time goes on, so count on me, and I'DDll count on you
In a world like this, when nothing'DDs sure
And people are afraid, I'DDll be here for
Now and for always we will be good friends
Count on me, they don'DDt make it now like they used to
They'DDre not gonna last like you and me, I'DDll be there.

Oh, always we will be, year by year

Depend on me, into any storm, we'DDre gonna survive it

Into any fire, just count on me, I'DDll be there

Oh, tough guys, you and me, year by year

They will see, they don'DDt make it now like they used to

They'DDre not gonna last like you and me
