

To Me

Kenny Rogers

To me
you are the hand that I reach for
when I've lost my way
to me
you are the first star of evening
the sun that warms my day

R: Just as sure as I'm sure
there's a heaven
this was meant to be
no road is too long
as long as you belong
to me

To me
you are the truth I believe in
I believe in you
to me you are the love I have looked for
my whole life through

R: Just as sure as I'm sure... (2x)
