

Everything Gonna Be Alright

Kenny Wayne Shepherd

Oh baby, the things gonna be alright
Oh baby, the things gonna be alright
Wanna love you pretty baby
All through the day and night

Oh baby, please kiss me one time
Oh baby, please kiss me one time
I want whole world to know that you all mine

Oh baby, I'm so lonesome I could cry
Oh baby, I'm so lonesome I could cry
And if you leave me pretty baby
I'm [?] lay down and die, lay down and die
