

Live On

Kenny Wayne Shepherd

Hello my friend
Can
Got too much on my mind
It
You
Just to make everything all right

Can
Heat of the night
Tired of feeling so wrong
Well, I
And it
But you
Live on
Yea, you

Another day
Well, your luck is bound to change
Oh yea, it might be cold out
But you just hold out
The sun is going to shine your way

I know it
I
This road is hard and long
If I could find a way
Then I would take your place
But you
Live on
Live on
Live on

You
Another day
Yeah, your luck is bound to change
It might be cold out
But you just hold out
The sun is gonna shine your way

I know it
I
This road is hard and long
If I could find a way
I
But you
Live on
Live on
You
Oh, live on
