

# You've Dug Your Own Grave, Now Lie In It

Kenotia

I didn't plan this and if I did,  
I wouldn't be having this conversation now  
'Cause I can't take it, no I can't take it but I'll be  
fair  
And I won't fake this, I can't unbreak something that's  
broken now  
This is over for me

[Chorus]

This is just the way it has to be  
And I'm sorry, please believe me it's not what I wanted  
This is just the way this has to be  
Please forgive me when I tell you it's not what I  
wanted  
Hey you, hey you  
Keep breathing, keep breathing  
Hey you, hey you  
If it's meant to be, it will come back to you

So now here we are in this place where both of us  
should never have to be  
We put out everything, it didn't mean we wouldn't bleed  
Maybe it wasn't supposed to last forever, but maybe's  
not what we need  
This is something that I chose, so why does it always  
have to kill me?

[Chorus]

This is just the way it has to be  
And I'm sorry, please believe me it's not what I wanted  
This is just the way this has to be  
Please forgive me when I tell you it's not what I  
wanted  
Hey you, hey you  
Keep breathing, keep breathing  
Hey you, hey you  
If it's meant to be, it will come back to you

I am lost, so far from unknown  
Who will save me from myself?  
I am lost so far from unknown  
Who will save me from myself?

[Chorus]

This is just the way it has to be  
And I'm sorry, please believe me it's not what I wanted  
This is just the way this has to be  
Please forgive me when I tell you it's not what I  
wanted  
Hey you, hey you  
Keep breathing, keep breathing  
Hey you, hey you  
If it's meant to be, it will come back to you
