

All That I Know

Kensington

It's all that I know, it's all they've told us A grasp at the gold is all that holds us Down This town is vile, its words are weak. Still I contemplate and fall before its feet Go down in style, head down the deep You will never know what you just did to me You'll never know what you just did to me It's all that I know, it's all they've told us A grasp at the gold is all that holds us Down We fake a smile, our noses bleed With a losing hand and disguising our defeat You're in denial, so hard to reach You will never know what you just did to me You'll never know what you just did to me It's all that I know, it's all they've told us A grasp at the gold is all that holds us It's all that I know, it's all they've told us A grasp at the gold is all that holds us It's all that I know, it's all they've told us A grasp at the gold is all that holds us Down
