

Lay Your Head Down

Keren Ann

It seems like every story told about us
Isn't meant to be
Where you fly on wings of gold
All the way back home to me

But what i'm thinking of
Just this time, why don't you
Lay your head down
In my arms, in my arms
Lay your head down
In my arms, in my arms

You know my love
This was no dream of mine
But the way you ride those waves
Makes me wanna follow you blind

And what I'm thinking of
Just this time, why don't you
Lay your head down
In my arms, in my arms
Lay your head down
In my arms, in my arms
Lay your head down
In my arms

Lay your head down
In my arms, in my arms
Lay your head down
In my arms, in my arms
Lay your head down
Lay your head down
In my arms
