

Breath of Heaven

Kerion

Verse:

All I see around me makes my sorrow stronger
The sky is crying on my land
All which was still shining,
Has now become darker
The tears of angel are falling ... in my hands

Chorus:

But I feel the breath of heaven reviving the
Embers of my dying heart
Shining like stars in the night

Verse:

All cold ashes and dust have blackened the green
plain. The sun will sweep the shadow
All this blood on my ground is now washed by this rain
The world will always rebirth...I know
