

Black and Yellow

Kerli

If your life's too white, if it's all too bright, make it yellow
w

If it's all too deep, if the slope's too steep, make it shallow
never make your life up here better than it is.

All black and yellow,
black and yellow to me.
All black and yellow,
black and yellow to me.

If it's all too dark, there's a brighter part, it is yellow
if you've lost your track let it all turn black, grave's too shallow
never make your life up here better than it is.

All black and yellow,
black and yellow to me.
All black and yellow,
black and yellow to me.

It hurts and it kills,
the life we're in.
it hurts, it thrills,
you lose to him, to him.

all black and yellow,
black and yellow to me.
all black and yellow,
black and yellow to me.

If it's all too deep, if this hole's too steep make it shallow
and if you've lost your track let it all turn black, grave's too shallow
