

Here And Now

Kerli

I'll help you down 'cause I'm coming to see ya
And I don't care where we go and I wanna' get lost tonight
I wanna' bounce to the beat of your breathing
I wanna' move to your rythm and celebrate being alive

Don't need forever, I wanna' be here and now
Let's come together, I wanna' be here and now

No, I wouldn't wanna' be anywhere but here, anywhere
I wouldn't wanna' be anywhere but here, here and now
No, I wouldn't wanna' be anywhere but here, anywhere
I wouldn't wanna' be anywhere but here, here and now

Dance as if no one is watching
And I am losing myself in a million rays of light
I wanna' fly as if I couldn't be fallen
And we are not gonna' worry, baby, let's own the night

Here and now

No, I wouldn't wanna' be anywhere but here, anywhere
I wouldn't wanna' be anywhere but here, here and now
No, I wouldn't wanna' be anywhere but here, anywhere
I wouldn't wanna' be anywhere but here, here and now

Here and now
Here and now
Here and now

No, I wouldn't wanna' be anywhere but here, anywhere
I wouldn't wanna' be anywhere but here, here and now
No, I wouldn't wanna' be anywhere but here, anywhere
I wouldn't wanna' be anywhere but here, here and now
