

Keep Breathing

Kerrie Roberts

You wait in darkness for answers that you can't see
You know what you deserve
And you're wondering why your life is
Not what you thought it should be

When the night breaks, your heart still aches
How can you face the day?

Just keep breathing, you'll make it
Don't give in, you're not done yet
Sometimes all that you can do is keep breathing and believing
Don't let go, just hang on tighter a little longer

When you feel like you're dying, keep breathing
Don't give up, don't give in, don't let go
No, you're not done
Don't give up, don't give in, don't let go

When every moment is almost more than you can take
You've got to know some tomorrow will bring you a breakthrough
It's the reason why you got to get through today
When the night's gone you will be strong

Keep breathing, you'll make it
Don't give in, you're not done yet
Sometimes all that you can do is keep breathing and believing
Don't let go, just hang on tighter a little longer

With every breath you're bringing hope
You're letting go of all your doubts
When nothing is easy, you got to keep going
Even when you don't know how
You don't have to know how, no

Keep breathing, you'll make it
Don't give in, you're not done yet
Sometimes all that you can do is keep breathing and believing
And don't let go, just hang on tighter a little longer, whoa

Keep breathing, you'll make it
Don't give in, you're not done yet
Sometimes all that you can do is keep breathing and believing
And don't let go, just hang on tighter a little longer

Keep breathing, don't give up
No, you're not done yet
Don't give up, don't give in
Don't let go, no, you are not done yet

Don't give up, don't give in
Don't let go, no, you are not done
Don't give up, don't give in
Don't let go, no, you are not done

Don't give up, don't give in
Don't let go, no, you are not done
