

# Like Jesus Loves

Kerrie Roberts

His eyes take in all the glory of worlds  
His voice holds power  
His ears hear the sound of the songs the angels sing to Him  
Shout eternal praises

He left all of this just to give us a chance  
To be closer to Him and to know what love is  
Put His feet on the ground that He made with His hand  
He lived just to die, but He lives again

No road was too lonely  
No cost too great  
No distance too far for the reach of His grace  
All He left behind  
All He sacrificed for every soul throughout all time  
Nobody loves like Jesus loves  
Like Jesus loves

We do our best to recount all His steps  
To picture His face and learn what His word is  
We fight against hell to live how He lived  
The hope in our hearts is the life that He gives

No road was too lonely  
No cost too great  
No distance too far for the reach of His grace  
All He left behind  
All He sacrificed for every soul throughout all time  
Nobody loves like Jesus loves  
Like Jesus loves

Come to Him all who are broken  
Come to Him all who are searching

Cause nobody loves like Jesus loves  
Like Jesus

No road was too lonely  
No cost too great  
No distance too far for the reach of His grace  
All He left behind  
All He sacrificed for every soul throughout all time  
Nobody loves like Jesus loves  
Like Jesus loves

I want to love like Jesus loves  
Like Jesus loves  
Oh I want to love  
Cause nobody loves like Jesus loves  
Oh I want to love  
Cause nobody loves like Jesus loves  
Oh I want to love like Jesus loves
