

Masterpiece

Kerrie Roberts

You can't remember, remember to forget
Those dark angels screaming inside your head
That you're damaged and nothing but a wreck
They won't quit it
But you know Jesus holds your heart
He made you a work of art

You're a masterpiece (beautiful, colorful)
Even if you don't believe
You're forgiven so (wonderful, loveable)
Everything you need to be
'Cause when I look at you I see
You're a masterpiece

I see how easily you always take the blame
And you use it as ammunition for your pain
But you're a treasure and it's such a shame
You should quit it
I wish that you could picture you
From Heaven's view

You're a masterpiece (beautiful, colorful)
Even if you don't believe
You're forgiven so (wonderful, loveable)
Everything you need to be
'Cause when I look at you I see
You're a masterpiece

You're a child of God, one of a kind
You're fully loved
Yeah, He gave His life defending you
Fighting for you

Even if you don't believe
Oh yea yea

You're a masterpiece (beautiful, colorful)
Even if you don't believe
You're amazing so (wonderful, loveable)
Everything you need to be
'Cause when I look at you I see
You're a masterpiece
