

# Wake Up

Kerrie Roberts

Sun coming up far too soon  
First cup of coffee at the crack of noon  
I'm moving so slowly  
Never know what's coming around  
Hit the ground running or just fall down  
I've got to get going  
Don't wanna live so casually  
And miss the life You have for me

It's time to wake up  
Shake off the dark  
Watching as You shine a light through my story  
In every moment, I find who You are  
And all of the mercies You have waiting for me  
It's time to wake up, wake up, wake up  
It's time to wake up, wake up, wake up

Me and the clock get face to face  
Doesn't really matter what the numbers say  
Your truth's unchanging  
If it's morning, afternoon or night  
The beginning or the end of my life  
You're always saying

It's time to wake up  
Shake off the dark  
Watching as You shine a light through my story  
In every moment, I find who You are  
And all of the mercies You have waiting for me  
It's time to wake up, wake up, wake up  
It's time to wake up, wake up, wake up

I won't be caught, eyes shut and sleeping  
I don't want to walk through my days daydreaming  
We need to wake up

It's time to wake up  
Shake off the dark  
Watching as You shine a light through my story  
In every moment, I find who You are  
And all of the mercies You have waiting for me  
It's time to wake up, wake up, wake up  
It's time to wake up, wake up, wake up  
It's time to wake up  
It's time to wake up
