

What Are You Afraid of

Kerrie Roberts

Being compared to the girl who has everything
Not living up when the whole world's watching
Being the last to get there and the last to know
You scream at the top of your lungs
When no one's listening
Being a basket case over anything
Giving your whole world for love
And the boy says no

So what are you afraid of
Show 'em what you're made of
The shadows that you're scared of
Are usually your own
They're not the great unknown
You don't have to wonder
You're not going under
Grace has got you covered
God is in control
Go on and let it go

Right on the brink of a breakthrough but you're frozen
Hurting somebody you love in that moment
No, it's not living if you're always thinking of
The worst that could happen

So what are you afraid of
Show 'em what you're made of
The shadows that you're scared of
Are usually your own
They're not the great unknown
You don't have to wonder
You're not going under
Grace has got you covered
God is in control
Go on and let it go

Whenever it's the darkest
Whenever it's the hardest
Don't you stop before you started
If you're gonna dream
Dream it all the way

So what are you afraid of
Show 'em what you're made of
The shadows that you're scared of
Are usually your own
They're not the great unknown
You don't have to wonder
You're not going under
Grace has got you covered
God is in control
Go on and let it go
