

# Boogie Feet

Ke\$ha

I wanna go get down  
You wanna come with me?  
My moves are world-renowned  
So good you won't believe

Some people, they got the big brains  
They make all the computer games  
Some people, they look so sexy  
Pop and fizz like a Pepsi  
Some people, they got the money  
Drive around in Lamborghinis  
I don't need any of those things  
I just wanna dance like a motherfucker, yeah

I wanna go get down  
You wanna come with me?  
My moves are world-renowned  
So good, you won't believe  
Dance with me, dance with me, please  
I'm gonna shake my butt, yeah, it's a guarantee  
My moves are such good luck, you'll win the lottery

Dance with me, dance with me, please  
Dance with me (dance with me, please)  
Dance with me (dance with me, please)  
Dance with me (dance with me, please)  
Come on, please?  
Dance with me (dance with me, please)  
Come on (dance with me, please)  
Or are you scared of these boogie feet?

Some people, seem mean and nasty  
But I think they're just unhappy  
The body needs a good shakin'  
To let the brain fill up with the good vibrations

I wanna go get down  
You wanna come with me?  
My moves are world-renowned  
So good, you won't believe  
Dance with me, dance with me, please  
I'm gonna shake my butt, yeah, it's a guarantee  
My moves are such good luck, you'll win the lottery

Dance with me, dance with me, please  
Dance with me (dance with me, please)  
Dance with me (dance with me, please)  
Beg for it (dance with me, please)  
Come on, please?  
Dance with me (dance with me, please)  
Come on (dance with me, please)  
Or are you scared of these boogie feet?

Why waste your time in your mind?  
There's no wrong, there's no right  
Koo koo bananas unite (you got it)  
Life's a hello, a goodbye

The last laugh, then you die  
I boogie 'cause I'm alive (you got it)  
Are you scared of these boogie feet?
