

Feels Good Don't It

Kevin Fowler

You've been a-workin' all week for the boss man's dime
Paid your dues, served your time
This is the place we let it all go
Free your mind, free your soul

Well, life ain't gotta be so hard
Tonight, we're gonna party like a rock star

Throw your hands up in the air
Shake it, don't break it like you just don't care
Turn it up good and loud
C'mon, now, make your momma proud
Life's too short to hold it all in
Turn it loose, let the party begin
Feel the groove, baby, get down on it
Oh, yeah, feels good, don't it

Don't let the weight of the world drag you down
It's a dead end road, better turn around
Step on the gas, let 'er fly
We got one shot, enjoy the ride

Life ain't gotta be so hard
Tonight, we're gonna party like a rock star

Throw your hands up in the air
Shake it, don't break it like you just don't care
Turn it up good and loud
C'mon, now, make your momma proud
Life's too short to hold it all in
Turn it loose, let the party begin
Feel the groove, Momma, get down on it
Oh, yeah, feels good, don't it

Check your troubles at the door
C'mon, now, wanna hear you roar

Throw your hands up in the air
Shake it, don't break it like you just don't care
Turn it up good and loud
C'mon, now, make your momma proud
Life's too short to hold it all in
Turn it loose, let the party begin
Feel the groove, Momma, get down on it
Oh, yeah, feels good, don't it

Uh-huh, feels good, don't it
Oh, yeah, feels good, don't it
Uh-huh, feels good, don't it
