

## Loose, Loud & Crazy

Kevin Fowler

I wanna get loose, get loud, get crazy  
Yeah it's been a long week I need a long neck to save me  
I wanna dance all night long  
In the arms of a honky tonk baby  
Get loose, get loud, get crazy

I've been bankin' at the workin' man savin' the loan  
On that old shotgun that my granddaddy owned  
It'd break his heart if he could see me here today  
No life ain't turned out like I planned  
It's like I'm treadin' in deep quicksand  
Tonight I'm gonna let my worries all slip away
