

Loose, Loud & Crazy

Kevin Fowler

I wanna get loose, get loud, get crazy
Yeah it's been a long week I need a long neck to save me
I wanna dance all night long
In the arms of a honky tonk baby
Get loose, get loud, get crazy

I've been bankin' at the workin' man savin' the loan
On that old shotgun that my granddaddy owned
It'd break his heart if he could see me here today
No life ain't turned out like I planned
It's like I'm treadin' in deep quicksand
Tonight I'm gonna let my worries all slip away
