Bust it solo and then go arm and hammer, arm and hammer  
Do the marbel wait this on on that hammer, arm and hammer  
Arm and hamme r

Got two houses they jumped in like sixty eight on their self  
Afraid out the bag to the bang, they do both ways seven days

Bust it solo and then go arm and hammer, arm and hammer  
Do the marbel wait this on on that hammer, arm and hammer  
Arm and hamme r

Get a block down the roaf, slowly picking my waiter  
In the droll feeling naughties  
You won't wait your carrer

Fuck the club in the mall right now I'm staking my cake up  
Fuck you whore I could jeg off, I don't play brake up then make up  
You're with niggas that... you play your face just to...  
Don't make us send you staright to the made ups  
Ball my paper, might step out of ocasion  
Say that you should look in mirror  
Here's the congratulations  
Inviting me on vacation, reception all from Jamaican  
Call it back and play the dollar, set up for eachement  
In a world of bad bitch don't passing by a cool hater
