

Satellites

Kevin Gates

Kevin Gates

I'm everybody's sworn favorite
People tend to feel I'm Michael Jackson reincarcerated
(Young Khalifa Man, Kevin Gates)
Satellites Never Really made love, Alright

Satellites, satellites never really made love but she gonna get it right
Emotions probably telling her she can stay the night
But her friends all call us crazy, they don't give her good advice
Satellites, satellites never really made love (gates) never really made love
Said she never really made love

I been shot through the heart
Just on the d-lo, Luca Brasi sellin kilos
Gotta shop outta town, and got a spot just around the way
Let's be specific
If I'm the nigga you feelin, am I wrong for showin interest in these women surroundin
And imma straight dick her down and go, no time to lounge with hoes
On the grind, all the time, I done been down this road
Strictly need my C-notes, can you keep up with my lingo
Some would say life is a gamble, which means love is a casino
Everybody just playin to win, think I made it again
Don't many ladies pretend, hopin this ain't what it is
Ain't no wastin time, hustle every night
Promise every thing is alright

Young Khalifa man
Ooh she ain't ever met a rich nigga
She never moving by the Oh (no, no)
She ain't never come back to back
I get behind her and I take control
Say do you like that
You like, yeah you right
Fuck you real good you see satellites
And you know what's up
She ion smoke but when I need a joint, she roll one up
In my car, going hard, going far, in the stars, in a club, in a bar, going big, going large
Oh my God, oh my God
You be screaming oh my God, now you're wet
You can say that young Khalifa played a part (un)

Satellites (hahaha), satellites never really make love (nah mop that shit up) but she gonna get it right
Emotions probably telling her (yeeah) she can stay tonight
But her friends are (young Khalifa man) call her crazy, don't give her good advice (kevin gates)
Satellites, satellites never really made love (TGOD mane) never really made love (takin these hoes outer space)

Say she never really made love ohhh
