Fyah in yuh waistline
So let go and whine girl
Free up yuh mind
Let go and whine girl
Free up yuh mind

You got a body to make dem bawl
Make dem stop, stand and stall
And I see you from across the hall
I wish I had your number to call
I hesitated to approach you
But I couldn't resist to
Tell you the way I feel girl

You got di fyah in yuh waistline
Fyah in yuh waistline
Fyah in yuh waistline
Girl you got di fyah in yuh waistline
So let go and whine girl
Free up yuh mind
Let go and whine girl
Free up yuh mind

The closer you get to me
The clearer my eyes could see
The curves on your body mezmorizing light in me
Just give me a chance to show you
The things that I can do
Cause you're a blessing from above
Baby...

You got di fyah in yuh waistline
Fyah in yuh waistline
Girl you got di fyah in yuh waistline
Fyah in yuh waistline
So let go and whine girl
Free up yuh mind
Let go and whine girl
Free up yuh mind

Igniting my desire

Di fyah blazin higha
Igniting my desire

Make dem stop, stand and stall
See you from across the hall
