My shawty foreign I can barely say her fucking name,
The way she make it disappear call her David bling,
Hey killin' the game when I'm winnin' the same,
I'm in the horner the lane, I'm .. the bet
I think I'm just hangin' the cane,
Me muckin' my face, hey
Purple spritin' my drink,
What's about the L space and when nigga they can buy a space.

My rolliness that's crazy diamond, I belong in the same salad
Pinked all from head to toe, black on black like game ..
