

# Cold Hearted

Kevin McCall

I'm a heart breaker  
Yeah!  
This is Gucci  
And I play to break your heart  
Is just me not even you

Hook:  
I'm cold hearted, (cold hearted)  
They say I get it from my father (cold hearted)  
I'm cold hearted (cold hearted)  
More time I don't wanna be bothered (cold hearted)

No no, I've been some inner places chasing paper under the sun  
Wanna start the family done I came but faithful to one,  
I got a problem, in the name like I don't feel for your fame  
And I hate to see them tears on your face  
But I can't erase all the memories we've made  
Got my .. go crazy it's like I'm stuck in the mace  
Don't lose your hope in me, but if you keep the faith  
All you secrets is safe with me take the shit to the grave

Hook:  
I'm cold hearted, (cold hearted)  
They say I get it from my father (cold hearted)  
I'm cold hearted (cold hearted)  
More time I don't wanna be bothered (cold hearted)

No no, 'cause I'm a heart breaker (heart breaker)  
I'm a heart breaker, heart breaker, heart breaker, (breaker)  
heart breaker, heart breaker, heart breaker, (breaker)  
heart breaker, heart breaker, heart breaker, (breaker)

I'm drinking champagne of the bottle  
I'm drinking they should spray like that's your bottle water  
I'm drinking they suspend like that's your bottle water  
I got the preacher's daughter doing all the shit I taught her  
Go so hard I'ma break them hoes,  
Dick so hard I'ma break the ..  
Cold hearted I ain't got no heart,  
Go mission I don't want no job,  
I ain't gonna help the time get hard  
.. she got no car  
Push button I ain't got no key,  
Want to marry me and take hair my stash  
Break her heart but the bitch ahead  
I hate these hoes, but I love my fans  
We have a doubt, but the shit won't last,  
Play the crash to where I drop my best  
Head to head to where I made this cash,  
I ain't tryin' to give it up so fast  
Blessed blessed now you win my past  
Hundred Benz used to wipe my ass  
Aces spade don't need no glass  
Got rice of the past so the hoes go this.
