

Can't Get Enuff

Kevin Michael

I can't get enough of that girl
I can't get enough of that girl
Kevin Michael, Shorty Da Kid, Let's go

When I first saw her she was licking her lips
With a gold chain hanging off the side of her hips
Glossy as the pages of a magazine
Gots to figure how to get you on the team
So I asked if we could sit on the steps
And let a young G kick it from the right to the left
Gotta keep it movin' and work tha game
Trynna spend a minute up next to your frame

She's so fine that it really, really blows my mind
I can't get enough of that girl (2x)
In the morning, in the evening
Somebody shake me 'cause I feel like I'm dreaming
I can't get enough of that girl (2x)
In the bedroom, on the table
Whenever, wherever I'm willing and I'm able
I can't get enough of that girl (2x)

We took a ride in my Coupe De Ville
Doing drive-bys all day, if looks could've killed
She would be the bullet that hit me hard
Got that kinda ass that's dangerous
And I ain't trynna be the one that she played
Cause she's a dime my n**** and I want her to stay
Brain that's just as bangin as the body and
Shawty got me thinking I'm a family man

She's so fine that it really really blows my mind (I just can't help myself)
I can't get enough
I can't get enough of that girl
In the morning, in the evening
Somebody shake me 'cause I feel like I'm dreaming
I can't get enough of that girl (2x)
In the bedroom, on the table
Whenever, wherever I'm willing and I'm able
I can't get enough of that girl (2x)

Ok, Shorty
Hold on, stop, somebody blow the whistle
I gotta call a time out because baby's so official
It hit me like a missile when I seen it, shawty got me feenin
Rise of the sun till the evening
Got me wanna clean and cook, maybe I'm dreaming
Listen, Ba Boom, Ba Boom, Hear my heart beating?
Weekends I don't even hit the club
Cause first we on the couch then in the tub (ha ha)
In the bed it's whatever she wanna do
We stop, take a break and get ready for round two
Cause I can't get enough of that girl
I know I can't get enough of that girl
She's five foot nothing, I'm feeling the frame
A man that don't key on the back but like you need to be tamed
See I got her by the game, you know it's a fact boy

She telling all her friends she go with a track boy, ay

She's so fine that it really, really, really blows my mind (and I can't get enough of that girl)

I can't get enough of that girl (2x)

In the morning, in the evening

Somebody shake me 'cause it feels like I'm dreaming

I can't get enough of that girl (2x)

She turned out the light and she's turning me on

And I'm turnin' her out till the break of dawn

I can't get enough of that girl (2x)

(We out)
