

# Hood Buzzin

Kevin Michael

They're mad, they wish they had the love we have  
We're booking flights and don't even take bags  
We did 'em dirty last summer  
Rover Sports, Jet skis attached  
They hatin' us (us)  
In matchin' furs, gold name plates his and hers  
See at first they said it wouldn't work  
But we got the whole hood buzzin now

They said it'd never happen  
But we knew it would happen back then  
We stayed (down though the fire), We stayed (down to the wire)  
We came up now the whole hood's buzzin  
Number one gold chick hata  
Number one chick  
Number one motivator  
You ain't gotta wish it, If you want it you can get it  
But we got the whole hood buzzin now  
Jump, bet you ain't neva saw this one coming  
The whole hood's buzzin now  
And I like it,  
They know that you're my girl  
And I'm gonna hold you down  
People talk but they ain't saying nothing (nothing)  
Girl we got the whole hood buzzin, now

Get your hair done every week  
French Tips, my treat  
Only the best for you my sweet  
Gold stunnas by Chanel, they match the bag  
They know what's up  
That ain't the ride  
Five star, drinking good wine  
We make 'em point and whisper every time  
Now we got the whole hood buzzin now

They said it'd never happen  
But we knew it would happen back then  
Down though the fire, down to the wire (we stayed)  
We came up now the whole hood's buzzin  
Number one gold check hata Number one chick  
Number one motivator  
You ain't gotta wish it, If you want it you can get it  
But we got the whole hood buzzin now  
Jump, bet you ain't neva saw this one coming  
The whole hood's buzzin now  
And I like it,  
Know that you're my girl  
And I'm gonna hold you down  
People talk but they ain't saying nothing (nothing)  
Girl we got the whole hood buzzin, now

Don't feel bad at all  
When you hear them haters call  
Baby we deserve to ball  
Just brush them off and  
Keep the whole hood buzzin

Call us what they may  
There's a real turn been made  
Some things never change  
But we got the whole hood buzzin now

Jump, bet you ain't neva saw this one coming  
The whole hood's buzzin now  
And I like it,  
They know that you're my girl  
And I'm gonna hold you down  
People talk but they ain't saying nothing (nothing)  
But we got the whole hood buzzin, now
