

# Liquid Lava Love

Kevin Michael

Telephone, turn it off, It's time for you to take it off  
You know what I need, I'm talking 'bout those jeans  
Un hook them, slowly  
Don't stop, keep going  
Until they hit the floor, you know what I'm looking for

Give me that Liquid Lava Love, Just can't get enough  
Slow like honey, oh so foamy, I like your flow  
Liquid lava love, you make me erupt  
Overflowing, don't cha know I'm 'bout to explode

Aah baby, baby, baby, can I have it please, please  
I'll get down on my knees  
Let me just, kiss your lips  
And let me just, kiss your lips  
And girl you know what I want to do with you, yeah

Liquid Lava Love, Just can't get enough  
Slow like honey, oh so foamy, I like your flow  
Liquid lava love, you make me erupt  
Overflowing, don't cha know I'm 'bout to explode

Girl you got my fire burning, body yearning  
Can't take it no more, can't take it no more  
Rain is falling, why you staling  
I can't take it no more, can't take it no more  
This volcano's ready to blow  
So just lay back and take it and let it go  
Let your liquid lava flow

Liquid Lava Love, Just can't get enough  
Slow like honey, oh so foamy, I like your flow  
Liquid lava love, you make me erupt  
Overflowing, don't cha know I'm 'bout to explode
