Crashing Down

Kevin Rudolf

You'll never know, the life that I've been through
Your tears fall, I see you miss me too
But just know, its not the same
So don't say you feel my pain

Cause you don't know the first thing about it
And you don't know what it took to get this far
I had to go on without you
I don't need anyone

Remember when you had to leave me
You tell me your in love with me now
I'm sorry but I'm not gonna be there
When the world comes crashing down

When the world comes crashing down
When the world comes crashing down
(Comes crashing down)

It's too late, there's nothing left to do
You moved on, forgot about you too
Should'a known
I turn around and you'd be back one day

But you don't know anything about me
And you don't know what I've done since you've been gone
I had to go on without you
Now I don't need anyone

Remember when you had to leave me
You tell me your in love with me now
I'm sorry but I'm not gonna be there
When the world comes crashing down

When the world comes crashing down
When the world comes crashing down
When the world comes crashing down
When the world comes crashing down

Now there's no more you and me
It's not what is supposed to be
You never should've let me go (let me go)

Remember when you had to leave me
You tell me your in love with me now
I'm sorry but I'm not gonna be there
When the world comes crashing down

Remember when you had to leave me
You tell me your in love with me now
I'm sorry but I'm not gonna be there
When the world comes crashing down

When the world comes crashing down
When the world comes crashing down
When the world comes crashing down
When the world comes crashing down

(Comes crashing down)
