

# Whatchu Waitin' For

Kevin Rudolf

After a few shots  
She can go all night  
I hit the right spot  
She's all mine  
Theirs only one thing  
You can no for a show  
What are you waiting for  
Whatchu waiting for

Mind if we go back  
And escape the world  
I see those eyes  
And I know you wanna leave this place so bad! yea  
I feel it  
You feel it

R: So whatchu waiting for  
Baby I'm the one  
Who could show you what it's like if you try to come  
Take you to a place  
You've never been before  
What are you waiting for  
Whatchu waiting for
