

We Can Get Through This

Kevin Sharp

A simple disagreement over something so small
That's how it always starts it ain't no one's fault
We both had to be right that's when it all went wrong
Making something out of nothing when we should have been holdin
g on

But we can get through this, we can ride it out
Love's what we're about, we've been deeper down
This is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through this

Get out of that rain, baby come inside
We're gonna kiss and make up if it takes all night
Let a little misunderstanding turn into a great big war
Talk about quitting we're forgetting what it really is, that we
're fighting for

We can get through this, we can ride it out
Love's what we're about, we've been deeper down
This is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through this

A little more forgiveness, tenderness alright

We can get through this
This is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through this

We can ride it out, love's what we're about
We've been deeper down, this is shallow water baby
We've been up that hill, it ain't no big deal
Ain't no easy fix, we can get through this

We can ride it out, love's what we're about
We've been deeper down, we can get through this
We've been up that hill, it ain't no big deal
Ain't no easy fix, but we can get through this
