

# You Are The Reason Why

Kevin Sharp

I am strong  
I have faith  
And I am not afraid to try  
And you are  
You are the reason why

I'm on my feet  
I have hope  
Where I walked before, now I fly  
And you are  
You are the reason why

You are the reason why  
I have everything I do  
And I hope someday  
I can give it all back to you  
Oh, yes I do

The rain has stopped  
The clouds are gone  
There's a rainbow 'crossed the sky  
And you are  
You are the reason  
You are  
You are the reason  
You are  
You are the reason why
