

Beautiful Music

Keyshia Cole

Yea yea yea yea yea
Ooh ooh ooh ooh ooh
Ay ay ay ay ay oh oh oh oh oh
Every time I see your face
Ever since that day met
Sparks flying every where
Gotta get my chance with you boy
You seem to be the one for me let's make it happen baby

No one else can do what you can do
No one else can fill the void u fill only you (baby yea yea)
And I seem to not have control
And I don't think I want to

Baby she don't have to know
What we been up to
And he don't have what we been up to
Beautiful music
Let's make beautiful music

(I want u to) Check my summer love everything feels so right
Everything seems like we could work it out
Another time that the 2 of us that shared so let's make it happen baby
No one else can do what you can do
No can else fill the void u fill only you (baby yea yea)
And I seem to not have control
And I don't think I want to

Baby she don't have to know
What we been up to
And he don't have to know
What we been up to
Beautiful music
Let's make beautiful music

So let's dance the night away
The beat of your music so right every time I feel the rhythm in my soul
There ain't no way u won't feel my magic boy
Let's dance all night yeah

I know why I stay around cause I'm deeply in love
With the way u make me feel do not stop
Pretty girl holding my hips kissing my lips don't stop
