

# I Should Have Cheated

Keyshia Cole

First of all let me say  
You can't accuse me of all the things  
You know that you are guilty of  
And I see that it is easy for you to blame  
Everything on me  
If that's the case I should go have my fun  
Do all the things you say I do  
Boy I can't continue to take this from you

I might as well have cheated on you  
As much as you accused me of cheating  
I might as well have lied to you  
As much as you accused me of lying  
I might as well have gone to the club  
As much as you accused me of clubbin'  
I might as well have threw away my love  
As much as you accused me  
I should have cheated

Let me say I was out with somebody else  
When my girl told me she saw you with some girl  
(Some girl)  
But I didn't accuse you of something that I didn't see myself  
Realize that I wouldn't never do anything to disrespect you  
Trust me, you gotta stop accusing me

I might as well have cheated on you  
As much as you accused me of cheating  
I might as well have lied to you  
As much as you accused me of lying  
I might as well have gone to the club  
As much as you accused me of clubbin'  
I might as well have threw away my love  
As much as you accused me  
I should have cheated

Don't you know I wish I knew  
That you would treat me this way  
If you don't promise me  
That you've changed your ways I'm leaving today  
And I ain't coming back  
And you made it like that  
Was unfair to me  
All this jealousy  
I'm your everything  
What will you do without me  
Why you tripping?

I might as well have cheated on you  
As much as you accused me of cheating  
I might as well have lied to you  
As much as you accused me of lying  
I might as well have gone to the club  
As much as you accused me of clubbin'  
I might as well have threw away my love  
As much as you accused me  
I should have cheated

I should have lied  
I should have cheated  
Maybe I should have went out to the club  
Or maybe I, should have done it  
Should have given away all my love  
Or maybe I, I should have played you  
Cause you don't appreciate me, no  
And I tried to stay down with you  
But you're making it hard for me

I might as well have cheated on you  
As much as you accused me of cheating  
I might as well have lied to you  
As much as you accused me of lying  
I might as well have gone to the club  
As much as you accused me of clubbin'  
I might as well have threw away my love  
As much as you accused me  
I should have cheated
