

Remember (Part 2)

Keyshia Cole

All the things you said, I gotta get you out my head
Cause you're tryin to make me believe
That your the only one for me yea
Something don't seem right though
Cause we argue all the time and we fuss and fight
It just don't seem worth it
Even though we have so much on the line
Family keeps tellin me, it'll be okay one day
But it just don't seem right no
Do you remember?

Everything that you told me
Everything you said we'd be
Don't you remember, don't you remember?
Everything that you told me
Everything you said we'd be
Don't you remember, don't you remember?

And I... baby, just can't take no more
It's not meant to be
Before I leave gotta tell you
Aye aye

And I know we gotta a lot of things on the line
Like I said it don't seem right
Things ain't weighing out things ain't addin up baby
I don't know if I even miss you
Don't wanna kiss you
How could you love somebody else
And everything just changing oh oh ooh ooh
I don't even know if you remember all things you told me

Everything that you told me
Everything you said we'd be
Don't you remember, don't you remember?
Everything that you told me
Everything you said we'd be
Don't you remember, don't you remember?

And I... baby, just can't take no more
It's not meant to be
Just no meant to be Ayyyee

Everything that you told me (everything you said)
Everything you said we'd be (everything)
Don't you remember (was all a lie), don't you remember?
(Do you remember?) Everything that you told me (everything you said)
Everything you said we'd be (said we'd be)
Don't you remember (do you remember?), don't you remember?

And I... just can't take no more
It's not meant to be
It's just not
Aye Aye
Yeah, do you remember?
