Yeah, yeah, yeah, yeah  
Ooh, ha  
Huhh ouuh  
Uh huh, uh huh, uhh huh

Would you ever take your love away?  
A question that I'm asking everyday  
'Cause nothing in this life is ever free  
So baby can you tell me why it's me you love?  
Why you give so much  
Your touch is like a signature

You signed your name on my heart  
And it's sincerely yours  
You signed your name on my heart  
You left a permanent mark on my heart

Usually they take from me then leave  
But baby all you do is give me what I need  
Now I'm crying and it's 'cause now I can't believe  
I found love , I finally have peace  
Baby you've given me a better view (Ohh)  
I'm looking to spend my whole life with you (With you)  
And I promise that I'll give my all to you  
Oooh baby tell me why it's me you love ?

And it's sincerely yours

I never thought (Never thought)  
I'll ever find someone  
Who I can trust completely  
But you proved to me it's not a dream (Proved to me)  
Now I believe, that I was made for your love  
Oh oh oh, oh oh ooh
