

# We Could Be

Keyshia Cole

Oh yea yes  
Oh  
Can I talk to you  
For a minute  
There's something on my mind  
That I wanna say

Oh reality is, takin control of me cause I know, baby  
I know that your loving me  
Oh loving you boy  
I wanna contradict my word  
I belong with you, I do truly wanna know (wanna know)

When you hear me talkin, watcha think  
When you lookin into my eyes, watcha see  
I know you ain't tryna to be my man  
Watcha think about us bein friends, makin plans  
To be everything we wanna be, makin our dreams turn reality  
I'm diggin everything you appear to be  
And I'm wonderin if we could be real good good friends

So emotional, you know I am  
That's why you do me the way you do me, if you be cool wit me  
You'll see, that I'm all you need and all that you dream  
And never would leave, you'll be right by my side forever  
Swear will grow old together, then reality would be you and me

When you hear me talkin, watcha think (oh yea)  
When you lookin into my eyes, watcha see (when you see me baby)  
I know you ain't tryna to be my man  
Watcha think about us bein friends, makin plans (sometimes I think your so s  
o so scared)  
To be everything we wanna be, makin our dreams turn reality  
I'm diggin everything you appear to be  
And I'm wonderin (wonderin) if we could be (we could be) friends

If we could be friends, baby  
It be all I need, baby  
I'll give you wat ever you want and never would leave you a front  
And be wat you need, baby  
Be all I have, baby  
And I'd be there for you, and never would front do wat you do

When you hear me talkin, watcha think  
When you lookin into my eyes, watcha see (watcha see)  
I know you ain't tryna to be my man  
Watcha think (watcha think) about us bein friends, makin plans  
To be everything we wanna be, makin our dreams turn reality  
I'm diggin everything you appear to be  
And I'm wonderin if we could be real good good friends

If we could be friends, baby  
It be all I need, baby  
Oh shuba dub du du du  
Be everything you wanna be  
Making our dreams turn reality
