

# You've Changed

Keyshia Cole

Sounds like a love song, sounds like a love song  
Alright we heard your side of the story, hear mine  
I'mma tell you why, 'cause you changed  
When you got dough, nah nah nah nah nah, no you listen

I remember like yesterday  
The very day I met you  
You were lookin' fly, I was actin' shy  
So when you walked on by I ignored you

But then you turned around and asked my name  
And in an instant my attitude changed  
Swept me off my feet, you were so sweet  
Full of comedy, you amused me

Gave you my number, next day you called  
Askin' if you could see me  
So I said alright, you can stop on by  
It gave me butterflies

30 minutes, knock, knock it's you  
I'm glad to see you, but I keep my cool  
From day one I fell in love with you  
But now I ask myself who are you because

You've changed, you've changed  
You got dough and changed  
You got dough and you changed  
Baby you changed

It wasn't the same  
You got dough and changed  
You got dough and you changed  
What was I to do

You were never there, why should I be there  
There's no one there to hold me  
I'm young at heart and age and these are the days  
When a girl like me needs lovin'

If he's not then someone else is  
Gettin' what he calls his  
You wasn't taking care of home, left me there alone  
So what's a girl to do when she's feelin' in the mood

We were together but we grew apart  
Thinkin' with my mind and not my heart  
Packed up all my things, left the engagement ring  
'Cause from the looks of things, I can't do this

Live this life that I call my life  
If this is what it's like being your wife  
I'd rather be a friend than through the thick and thin  
But now is the end of my sufferin'

You've changed, you've changed  
You've got dough and changed baby

You got dough and you changed

It wasn't the same  
'Cause you got dough and changed  
You got dough and you changed  
What was I to do

What was I to do  
Sit around and wait for you to call  
When I wanted to be in your arms  
Missin' you every minute you were gone  
You were gone to long

Doing who knows what, who knows where  
You act like you didn't care  
When I told you, I wouldn't be here  
'Cause you changed

You've changed, you've changed  
You got dough and changed  
You got dough and you changed

It wasn't the same  
You got dough and changed, baby  
You got dough and you changed  
What was I to do

No it ain't about the cars, with the rems or the rings  
No it ain't about the lies, or the houses, and minks  
Perpatratin' with the hoes brokin' promises please  
No it ain't about the life that you givin' to me  
No it ain't about it  
No it ain't about it

No it ain't about the cars, with the rems or the rings  
No it ain't about the lies, or the houses, and minks  
Perpatratin' with the hoes brokin' promises please  
No it ain't about the life that you givin' to me  
No it ain't about it  
No it ain't about it
