

Beautiful Emilie

Keziah Jones

"You got
You got to talk to someone
"You got to talk to someone someday
Cuz when the words are gone it's to late

Communication with "thee" put the antenna
there

I am a function of "thee" speaking loud
and clear

Oh Beautiful Emilie

Beautiful Emilie

I need an explanation right now

Some good communication somehow

I heard a statement from "thee" about an
"L" shaped room

But a "space imaginary" is an abandoned
womb

Oh Beautiful Eilie

Beautiful Emilie

I need an explanation right now

Some good communication somehow

An explanation for "thee" is

"You made an angel cry"

I feel so close to you there's no

"me" I am a three times why?

Why?

why?

Why?

Do ordinary people specialize?
