

Phased

Keziah Jones

Ive been phased
fall over
in ma maze
through your corridor
you're amazed
i slide under
when you call ma name
i fall over

Sorry for you to go
i didn't get to know ya
say hello to all the band
.....move over

I know a man
with his head in the clouds
and he believes
in all our doubts
i know a girl
on her head is a crown
now all we need
is a verb and a noun
